Ron Rivrnburgh and Lisa VandeWalle,

I cannot begin to thank you for all assistance and comfort you offered me. You were so very patient with all my questions and concerns.

Ron after talking with you and you answering all my questions I knew Going Home was the correct choice. You do not know how comforting it is to know I made the correct choice. That continued in working with Lisa and all her assistance.

I also want to thank the person that brought the urn and death certificates I apologize I do not remember her name, she was also wonderful.

I just wanted to write and express my thanks for all you did for my husband, William H. Griffiths and your support you offered me. I appreciate all the guidance and assistance you offered me. It was so comforting to me knowing you took such great care of my husband William H. Griffiths.

Thank you,

Suzanne Griffiths
